NEWS LETTER JUNE 2017

Life Med is still busy providing quality services in all our departments of service. Here is what kept us busy in June!

A little boy called AJ

The story of AJ Paterson:

Life Med had the privilege to visit a very special boy – AJ Paterson on the 5th of June. AJ is a six year old boy who suffers from cancer. One of his dreams was to ride on an ambulance and Life Med along with Stoffel Holtshauzen from the SAPS and Crisis on Call surprised little AJ with our ambulance and crew. We also made him a special t-shirt and gave him his own special bear to take care of him when he is in treatment. A smile from a happy boy – Priceless.

Special Events

Life Med was the proud Event Medics at Classic is Groot, Craft Beer Festival and Riana Van Niekerk Run/Walk for Bibles. If you have any event that requires medical standby contact us on 012 330 9458 or email eventsmedic@lifemed911.co.za for a quote.

VitalRide Ambulance

Membership!!

VitalRide has already given so many people access to private ambulance care that could not afford to pay the private rates for emergency ambulance assistance.

Unfortunately in South Africa there is only 1 ambulance for every 85 000 people. This is often a result why people die while waiting for an ambulance. With the VitalRide Ambulance Membership you don't have to wait anymore!

WE GET TO YOU FAST – WE PAY YOUR AMBULANCE BILL!

Membership Options:

R70.00 monthly fee per family.

R600.00 yearly fee per family.

Become a member today and call us on 012 330 9458 or email us at marketing@lifemed911.co.za.

Visit our facebook page: VitalRide911 or www.lifemed911.co.za for more information.

NB!! IF YOU ARE A COMPANY WE OFFER GROUP DISCOUNTS FOR YOUR EMPLOYEES!!

Our Training Facility

Did you know that Life Med has its own training facility at our head-office.

All of our instructors are paramedics (or have been actively involved in first aid for over 17 years) and they are also trained facilitators/Assessors and Moderators.

We aim to provide fun, interactive and effective training that equips our students with the necessary skills to assist any patient in any life-threatening emergency.

We specialize in the following courses:

First Aid Level 1 up to 3.

Basic Fire Fighting.

Practical CPR.

We can also come to the facility of your choice for groups of 8 or more.

Contact Tanya Denysschen on 012 330 9458 or request a quote at training@lifemed911.co.za.
